In combined leagues Jr-Major-Senior leagues will divide into juniors and Major/Seniors. If a youth qualifies from more than one league, (ex. Major/Seniors and Tidewater Team Challenge) then the youth represents the league where the highest average is held. THEN in the other league the second highest average bowler may represent that league. NOTE: You can't send another bowler if he or she can't make the tournament. This is a tournament for your highest average Bowlers in their league.
